De Laval Cream Separators

The DeLaval Cream Separater constitutes the best known means, in the light of science and the world's experience, for separating cream

Briefly stated, the process of centrifugal separation consists in passing the milk through a mechanically operaten and rapidly revolved steel bowl, the inflow and discharge being continuous and the separation practically instantaeous—with all of the advantages and none of the disdvantages of gravity setting or other skimming of milk. Food prepared from cereal grains supports life and strength better than any other single food product. Wheat bread is the universal food of civilization because the gluten in it furnishes the greatest amount of digestible nutrients.

Aristos Flour is made from Red Turkey Wheat. That means gluten superior in quality and quantity. No imperfect or unsound grain—just the single, hard, ripe, wholesome berry. This makes Aristos a strong, rich, water-absorbing flour. It yields bread of wonderfully better flavor, better crust, better texture. It makes the loaf that keeps fresh and palatable longest—the one that actually reaches the highest point of food efficiency.

See what unusually fine cake, bread and pastry it makes.

Thousands who suffer from backache and kidney complaint have tried
one remedy after another, finding only
temporary benefit. This is discouraging, but there is one kidney medicine
that has earned a reputation for lasting
results and there is plenty of proof of
its merit right here in Yale.

Here is the testimony of one who
naed Doan's Kidney Pills years ago
and now makes his testimony even
stronger.

Lester Clark, Mary St., Yale, Mich,
says: "You may continue using the
statement I gave recommending Doan's
Kidney Pills before. They made a
permanent cure in my case. I gave
this remedy a thorough trial, getting it
at Grant Holden's Drug Store. It lived
up to representations, making me feel
like a different person. After I used
Doan's Kidney Pills my kidneys were
in better condition than they had been
for years."
